## COLD WATER V-BELT DRIVE

- 1 Easy access to engine and pump oil drains for simple scheduled preventative maintenance.
- 2 Tri-belt system for maximum power transfer and reliability. Single bolt belt adjustment and vibration controlled single bolt interlocking belt guard allow for easy access and maintenance.
- 3 3/4" axle belt with a 1" tube for heavy-duty strength and better performance.

\*Model #MB4042HM

## FEATURED HIGHLIGHTS

*\*All features included in both machines.*

- 4 Airless flat free tires for continuous smooth transport
- 5 Onboard long range chemical shooter with spare o-rings to get the job done even faster
- 6 Duraview inlet filter is the strongest see-through filter on the market, comes with a load bearing brass spine, protecting the integrity of the pump
- 7 Convenient hose and gun/wand holder for easy storage
- 8 Rugged medical grade Stainless Steel frame and handle includes a Warranty for the life of the machine
- 9 Spring loaded shock absorbing feet to prevent machine from "walking"

\*Model #M4042HM

## COLD WATER DIRECT DRIVE

- 10 Vibration isolation technology provides smooth operation, preventing wear and tear on vital components.
- 11 Easy access engine oil drain hose within easy reach for scheduled preventative maintenance.
